This Lovers Report is divided into 4 chapters.

Chapter 1 compares your temperaments and personalities. The issues described in Chapter 1 become particularly powerful if you are married or live together. Idiosyncrasies or quirks in another person's personality do not bother us as much if our relationship is a casual one. For example, if one person is neat and tidy and the other is sloppy, this is more likely to become a concern if you are married than if you are only seeing each other occasionally.

Pay close attention to the issues described in Chapter 2 because these are the most important themes in your relationship. For example, if themes of romance and sexual attraction are emphasized, then you can count on this relationship being a passionate one. However, if romance and sexuality are hardly mentioned at all, then this relationship will not be a passionate one. Note also that the material in Chapter 2 is presented roughly in order of importance, so that the material presented at the beginning of Chapter 2 is the most powerful.

Chapter 4 describes issues in your relationship of less importance than those presented in Chapter 2. Chapter 3 describes situations and circumstances that arise if you have a close, long-lasting relationship.

If a statement appears to contradict another statement, then your roles are likely to alternate. For example, a statement that Barack is more aggressive than Michelle, and another statement that Michelle is more aggressive than Barack, means that you alternate roles, with Barack sometimes being the leader and Michelle being the follower, and sometimes just the opposite. Also, read the statements carefully, as it is likely that a careful reading will reveal different kinds of aggressiveness or areas in which the aggressiveness is likely to express itself.

To make the most of this report, combine this astrological analysis with other things that you know about each other. For example, we have assumed that you are opposite-sexed (assuming that both of you are heterosexual, otherwise same-sexed). Physical attractiveness, age, religion, education, family and cultural background will affect your relationship as well. The material in Chapters 2, 3, and 4 of this report describes the magnetism between you, but does not describe your individual natures. For example, suppose that Chapter 2 makes little mention of romance and sexuality, but the Natal Reports for each of you indicate that each of you has extremely strong romantic and sexual desires. In this case, marriage is not likely to be successful! However, if romance and sexuality are not important to either of you, then the lack of passion in your relationship is not likely to be as much of a stumbling block.

Your birth chart interpretation is based on the positions of the planets at the time of your birth. For the benefit of students of astrology, these positions, along with other technical information, are listed below:

Chapter 1 **A Comparison of Temperaments and Life Styles** **that Affect Your Ability to Harmonize with Each Other**

Barack's Sun in Leo and Michelle's Sun in Capricorn:

Michelle's more emotionally detached, reserved, down-to-earth and somewhat cynical or skeptical attitude contrasts with Barack's warm enthusiasm and basically cheerful temperament. In your personal style and tastes, also, this difference is very apparent: Michelle prefers the classics, simple elegance, and either a very conservative, traditional style or an austere less-is-more, keep-it-simple style. Barack has a generous, lavish hand and loves rich color, warmth, and brilliance that borders on gaudiness. Sometimes, this translates into emotional terms also. Michelle is more careful, cooler, less inclined to gamble, wants a sure thing. Barack is more open and expressive and warm, and needs an abundance of appreciation and affection - more than Michelle is inclined to give

sometimes. One thing you do have in common: you both take your commitments to heart, and you prize fidelity and loyalty.

Barack's Moon in Libra and Michelle's Moon in Pisces:

Both of you are peace-loving and need a harmonious, non-competitive atmosphere in your home. Both of you avoid conflict as much as possible and Michelle in particular is something of a pacifist, at least in personal relationships.

There are differences between you, though. Michelle has little sense of limits or boundaries, and may be very comfortable in a rather fluid, disorderly, even chaotic, sort of atmosphere. Barack has a highly developed sense of balance, proportion, and symmetry, and naturally seeks order.

Moderation, appropriateness, and a happy medium are important to Barack, while Michelle tends to go to excess in everything. For instance, Michelle is essentially very generous and compassionate and will give endlessly and indiscriminately to someone with a sad story. Michelle often becomes involved in relationships where one person is primarily the giver or helper and the other is dependent and needy, the receiver in the relationship. Barack, on the other hand, seeks a reciprocal relationship between equals and is very much aware of how much each person has given and taken. Barack wants the scales to be balanced.

Also, Michelle is very emotional, psychically receptive and intuitive, while Barack is more unemotional and rational in comparison.

Chapter 2

Major Themes in the Relationship: What Brought You Together

Sun Mutually Aspects Saturn:

As a couple, you tend to focus too much on the responsibilities and duties that you have to each other and not enough time to simply have fun, laugh, and enjoy life. Both of you are also likely to feel blocked in your creative expression. You may feel judged and criticized by each other, and that you hold one another back. Many astrologers would say that you owe each other a "karmic debt", and whether this is true or not, you will be called on to make lots of sacrifices for one another.

Barack's Sun Opposition Michelle's Saturn:

In the early stages of your relationship Barack is likely to feel attracted to the mature, steady, disciplined, and responsible qualities of Michelle, but over time these same qualities can begin to feel restrictive, limiting, even oppressive. Michelle can fall into the

role of being the parent, teacher, or taskmaster of Barack, causing Barack to feel inhibited and confined by Michelle's seriousness and inflexibility. If Barack can benefit from the responsible and concerned attitude of Michelle and Michelle can refrain from taking problems or concerns too seriously, then the positive sense of maturity, responsibility, and stability of the relationship can overcome the negative tendencies.

Michelle's Sun Conjunction Barack's Saturn:

One strong factor that attracted you to each other (perhaps unconsciously) is the feeling that you can have a deep, stable, permanent relationship and settle down together, facing life's responsibilities in a mature way, tackling challenges together such as raising children, becoming financially secure, etc. These concerns can gradually cause your relationship to become too absorbed with "serious" matters, causing both of you to feel limited and stifled by the relationship. Barack has a strong tendency to criticize and judge Michelle's actions, sometimes accurately and sometimes unjustly. Barack should guard against this tendency to dampen Michelle's enthusiasm, and Michelle needs to avoid being overly sensitive to Barack's suggestions and criticisms. Barack's tendency to dominate, control, or even repress Michelle makes Michelle feel resentful at times, and Michelle may feel lowered vitality and self-confidence after being with Barack for a long time. You must make room for lightness and play, or you both will feel burdened by the tone that is set between you.

Barack's Mercury Opposition Michelle's Saturn:

The flow of communication between you is often restricted, and very frustrating, especially for Barack. Criticism and nit-picking can be a real problem for you. Michelle wants Barack to be very clear, very precise, and will constantly interrupt Barack if there are inconsistencies in what Barack is saying. Often you simply do not share the same interests or are just not on the same wavelength. Communication of practical, serious affairs is usually good, but any topic involving intuition or speculation is not likely to get very far. Because you communicate well only about certain topics, you both need other friends with whom you can share your other interests.

Michelle's Sun Trine Barack's Mars:

Successful cooperation in achieving goals and accomplishing tasks is highlighted. You make an excellent working team and you are able to assist each other in achieving specific, concrete goals. The sexual attraction between you is also very strong.

Barack's Moon Square Michelle's Mercury:

Michelle needs to guard against the tendency to be critical, unsympathetic, and overly analytical of Barack's feelings, personal tastes, and habits. Michelle may feel that Barack is overly sensitive to criticism, and refuse to acknowledge responsibility for the problem as well. Petty annoyances, minor disagreements, and bickering can be avoided only if you both learn to listen sympathetically and to communicate clearly with each other.

Barack's Moon Trine Michelle's Mars:

You stimulate and arouse one another's feelings and desires, the physical attraction between you is very strong, and you are quite harmonious and compatible sexually. You are also highly fertile together (assuming there are no organic or physical impediments).

Barack is very supportive of Michelle, encouraging Michelle to be direct, honest, and expressive of personal wishes and needs. Barack is also very "turned on" by Michelle! This can be a very creative union.

Michelle's Mercury Trine Barack's Pluto:

Your conversations are deep and probing. You understand each other at a very deep level, and you may find yourselves revealing things about yourself that you have not mentioned to anyone else. You also make a good research team or investigators.

Barack's Venus Square Michelle's Jupiter:

You enjoy laughing, having fun, socializing, and going out together. You are great pals, but the relationship may not be serious enough to warrant a lasting commitment to each other. Consequently you both may decide to not marry even though you may love each other very much. If you do marry, you will allow each other a great deal of freedom, but you are likely to disagree on how to handle finances, budgeting, and investments.

Barack's Venus Sextile Michelle's Pluto:

Romantic love and sexual attraction is very strong. You pour your hearts out to each other and feel like you are able to express your feelings to each other very fully. This is a powerful love affair that may lead to marriage.

Chapter 3

Destiny and Final Outcome of Your Relationship

Composite Sun Square Saturn:

The necessity to get down to business, to work hard, and to be responsible adults is an essential aspect of your relationship. When the two of you are together a sense of heaviness, seriousness, purpose, or obligation weighs in on you, so it is not always pleasant to be around one another. You demand much - sometimes too much - of one another and of your relationship. One or both of you may become overly critical, oppressive, and restrictive toward the other. Financial hardships and burdens, difficult circumstances such as a chronic health problem, or other "battles" which require patience,

endurance, forbearance, and toughness are also likely. Part of the purpose of this relationship is to develop these qualities within you both. While unlikely to be an easy relationship, it can be character-building and ultimately strengthening.

Composite Sun Sextile Pluto:

You are undeniably a powerful duo, and the way you relate to one another affects the people around you much more than you realize. You tend to evoke either great admiration or great envy, because of the intensity of your bond.

You cannot avoid learning one another's deepest fears, desires, motives, and aspects of one another that few others have ever seen. You can't hide much from one another. This won't trouble you but instead will be the basis of an especially profound relationship.

Fateful, unexpected events which are very much beyond your control will shape your relationship to a significant extent.

Composite Venus Sextile Jupiter:

Many benefits and opportunities will come into your lives via your relationship with each other. As a couple, you are "lucky". That is, you seem to be in the right place at the right time to take advantage of the good things that come your way. Both emotionally and materially, you will be comfortable and successful together. A certain generosity and good will toward one another ameliorates any of the more difficult challenges you may confront. Affectionate play, happiness with friends, and a lot of laughter will bring you close and help to keep you together.

Composite Venus Square Saturn:

Unrequited and unfulfilled love will be a theme in your relationship. It may be that outside circumstances prevent you from being together as fully as you would wish, or the blockages come from within the two of you. Fears - of loss, separation, or abandonment - may well block you from sharing your love, surrendering fully, and letting feelings of closeness flow. Insecurities and lack of trust can hold you back from even coming together. And if you do come together, true intimacy will be hard to achieve. A certain lack of generosity and openness, and an overall feeling of caution and tightness, characterize your bond.

Part of the purpose of this relationship is to let you see what you really need and what you are truly capable of giving in close relationship to another, but it is principally through frustration that this insight occurs.

Composite Mars Square Uranus:

An intense quality of impatience, and an inability to wait, or restrain or thoughtfully consider your actions, are innate aspects of this relationship. "I want what I want and I

want it NOW!" is the feeling you will both have. There is an impulsive, rebellious, dare-devilish, I-can-do-whatever-I-want quality which infuses your relationship with excitement but also makes it unpredictable and unstable. If either of you has a problem with temper or a tendency toward violence, unfortunately this will be acted out in sudden and erratic ways. Even if you don't have these tendencies, you two can be dangerous together because you make one another reckless. You can be wild and free together -but also very defiant and easily provoked.

Sexually there is an electric excitement and energy between you that comes and goes. You are apt to be highly adventurous -if not downright deviant - as sexual partners. Unless other factors indicate otherwise, however, tenderness and softness may be lacking.

Composite Sun Opposition Venus:

Quite simply, one of your purposes in being together is to create and express beauty, whether this is in the form of a beautiful, loving relationship, or gracious and artful works. There can also be an element of vanity, artifice, or wanting to show-off, the desire to be seen and recognized as a Beautiful Couple, whether or not that's entirely true. Hiding or downplaying your difficulties and the ugly parts of your relationship may be helpful to a point, but if you try to maintain this image of yourselves as a happy, loving twosome despite your actual conflicts, then deeper troubles may never get attended to. However, whatever friction, dissonance, or ill will develops between you, there will also always be an urge to harmonize, reconcile, and ease your differences, and to create cooperation. It will take a lot for the two of you to ever turn against each other entirely.

Composite Sun Trine Jupiter:

Through your relationship to one another, you both develop greater understanding, wisdom, confidence, and faith in yourselves and in life. You help each other be the best you can be, encourage one another to take risks, envision the possibilities rather than focusing on the impossibilities.

Materially, you could generate much prosperity and financial well-being if that is your mutual goal. You have very good fortune together in that way. Fulfilling self-expression, and joyful recognition for what the two of you do together, are even more of a focus, however. Whatever endeavors you pursue as a duo will seem somehow blessed or unusually well-received.

Composite Sun Conjunct Neptune:

The two of you idealize one another and your relationship. There is a fairy tale quality, a feeling of magic and enchantment, of uniting with your soul mate, that permeates your bond. A delicate and subtle rapport exists between you, which cannot be described in concrete terms except to refer to it as a soul connection. It's an intuitive knowing of one another, and a sense of blending together spiritually.

However, because of the stars in your eyes you may not see one another very clearly. Your True Love may disappoint you with very human imperfections, flaws, and inadequacies - things you may take in stride with other people, but for some reason with this person seem like a terrible betrayal. If you can love one another unconditionally, including all of one another's human frailties, you will fulfill the purpose of this relationship. Neither of you needs to be a saint or a martyr for one another -just be yourselves!

Another potential pitfall for the two of you is to encourage in each other excessive idealism, false hope, unrealistic fantasies, and an urge to escape into paradise. Try to keep your feet on the ground while at the same time pursuing the many dreams you will have together. As a couple, the ocean or seaside is very beneficial to you.

Composite Venus Trine Pluto:

The depth of love which you will be able to experience with one another will have a transformative, healing effect on both of you. Through your relationship, you'll realize the power of love to change lives and mend the broken places within you both. This certainly is part of the purpose of your being together. Even if other aspects of your relationship are difficult or frustrating, the intensity of your feelings for one another and your desire to be together will still be very strong. In fact, it would be very difficult indeed for you to let go of one another.

The urge to have children together is compelling too, whether or not you consciously desire this.

Chapter 4

Other Themes in Your Relationship

Michelle's Sun Conjunct Barack's Jupiter:

There is a tremendous amount of good will, optimism, and enthusiasm in your relationship. Barack draws out Michelle's optimism and self-confidence and is able to assist Michelle in discovering new possibilities and avenues for growth. A shared vision, philosophy, or goal for the future gives vitality to your relationship.

Barack's Sun Square Michelle's Neptune:

You must guard against mutual deception and misunderstandings. Barack tends to have a glamorous and unrealistic view of Michelle, and Michelle has a tendency to unconsciously capitalize on Barack's imaginative and often simply erroneous perceptions. The tendency to be dishonest, hide things from each other, exaggerate, and spur each other to unrealistic hopes and dreams is very strong. Both of you must be able to

distinguish fantasy from fact, and utilize the increased sensitivity and heightened imagination that you inspire in each other, without letting it cloud your ability to clearly and realistically see other and understand each other.

Michelle's Moon Opposition Barack's Uranus:

You spark each other's curiosity and imagination, and you have a great deal of fascination for each other. It is likely that your relationship developed suddenly and impulsively, for your feelings for each other change quickly and unexpectedly. At one moment you find each other sexually irresistible and not much later you may feel angry or indifferent to each other. Your feelings blow hot and cold in this relationship, and consequently there is a tone of instability and inconstancy. It is possible that one, or both, of you will tire of the constant fluctuations. You may feel that there is a lack of commitment, dedication, reliability, and stability, causing you to doubt the viability of the relationship. On the other hand, you may find the changes exciting and stimulating. Be grateful that there are always surprises and novelty around the corner - at least you don't have to worry about getting stuck in a rut or bored with your partner.

Michelle's Venus Opposition Barack's Uranus:

This is an unusual relationship! The relationship seems to follow its own, unpredictable course that neither of you can control. At least life isn't boring! Sexual attraction to each other is aroused suddenly and unpredictably, but then it subsides just as quickly and unexpectedly. If your relationship is a permanent one, you will find that periods of intense sexual attraction come and go in waves, and you both will have to be able to adjust to these unpredictable changes. Barack, in particular, may be erratic, inconstant, or unreliable toward Michelle, perhaps unwilling to make a commitment or to keep promises.

Barack's Venus Trine Michelle's Neptune:

You evoke in each other a greater sensitivity to music, art, and poetry, as well as feelings of compassion and sympathy. You find each other fascinating and interesting and you love exploring new dimensions of feeling and sensitivity through music, art, poetry, or religion. There is also a dreamy, romantic quality to the love that you have for each other.

Michelle's Mars Conjunct Barack's Jupiter:

You spark each other's ambitions and enterprising spirit, and you enjoy planning and designing ventures. You are able to jointly follow through to successful completion of your goals. Barack gives Michelle confidence and encouragement to charge ahead, while Michelle stimulates Barack to act decisively to actualize Barack's dreams. You are likely to undertake several joint ventures as well as other individual efforts that are greatly assisted by your partner. Occasionally you take foolhardy risks and are overly zealous and unrealistic in your hopes, but your dynamic blending of energies can also result in

outstanding accomplishments as well.

Barack's Mars Trine Michelle's Mars:

You are able to coordinate your efforts and work together very well on practical tasks. You make an excellent working team. There is a warm, stimulating, energizing quality between you, and you generate a lot of steam for anything you undertake together. You also discover your physical drives and desires are very much in sync.

Michelle's Uranus Conjunction Barack's Pluto:

Things are unlikely to become dull or predictable between you, as there is a strong current of intense change and constant renewal in your relationship. Your deepest desires for freedom and for new life and growth can be fulfilled in this relationship but will probably come about as a result of some radical decision and break from the past, a complete disruption of the status quo, especially for Michelle. You may never quite feel like you are on stable ground together, and this can be very exciting or very uncomfortable, depending upon your individual temperaments.

Michelle's Uranus Sextile Barack's Neptune:

There are times when you get very loose, inspired, crazy, and imaginative together, and you stimulate one another along artistic, musical, and creative lines. An openness to one another on a spiritual or psychic level also exists, and you "tune in" to each other quite easily.
